

Notice of new reporting requirement for businesses engaged in construction or construction-related services in Illinois. Action required by January 31, 2015:

The Illinois Employee Classification Act was recently amended to add a new reporting requirement for construction companies that used the services of independent contractors (subcontractors) during 2014. The Illinois Department of Labor requires a report to be filed by **January 31, 2015**, for any construction services that were performed by NON-incorporated entities (individuals, sole proprietors, partnerships – including LLCs taxed as partnerships).

At this time, there are no specific requirements on how to report this information. It may be submitted online, via the IDOL website, or by U.S. mail:

- Report online at <https://www.illinois.gov/idol/Laws-Rules/CONMED/Pages/ECA.aspx>
- If mailing, you may use the IDOL Form, found via the above link, or your own self-created report

Please let us know if you have any questions.

Sincerely,
